

About Athora

Athora, through its subsidiaries, is a specialist solutions provider in the European insurance market. We offer acquisition, portfolio transfer and reinsurance solutions to insurers to free up capital, management capacities and operating resources. Our principal operational subsidiaries are Athora Lebensversicherung in Germany, Athora Ireland in Ireland, Generali Belgium in Belgium and Athora Life Re, a Bermuda-domiciled reinsurer. Athora has about 800 employees, 800,000 policyholders and total consolidated assets of approximately €15 billion. We have ambitious plans to grow our business across Europe and we are looking for like-minded people to join us on our journey.

Working at Athora

We offer a fast-paced, dynamic work environment where our actions define us, more than any words or promises. We innovate to keep our business at the forefront of the market. People are at the heart of what we do, and we always value that humanity. We do what we do as well as we can because we are about improving lives, inside and outside our business.

Executive Summary

Role Title: Reporting Actuary
Role Type: Permanent
Reporting to: Actuarial Reporting Supervisor
Team: Group Actuarial Services
Location: Dublin, Ireland

Purpose of this role

The successful candidate will be a key member of the Athora Group Actuarial Services team. The individual will support the production and consolidation of financial metrics for both local and Group Balance Sheets. You will be involved in all aspects of end to end actuarial financial reporting and will play a key role in delivering accurate results within tight timelines. The candidate will have the opportunity to help build a Group Actuarial Centre of Excellence while working in a vibrant and dynamic team. The role will require some travel to different business units across the Athora Group.

Key Contribution Areas

- Production of financial reporting results for local and Group balance sheets including (but not limited to): IFRS, Solvency II and Embedded Value.
- Check accuracy of modelled results and analyse for key messages.
- Production of reports explaining the changes in key financial metrics over the period including the drivers of Profit and Loss.
- Contribute to the development of existing and future ARCSim migrations providing the Actuarial modelling teams with insight into products, processes and systems of local entities.
- Support ad-hoc analysis & investigations across the various basis as required.
- Support other actuarial teams as required.

Personal Capabilities Required

- Entrepreneurial spirit – focused on making business work.
- Ability to analyse data and produce key insights.
- Strong technical and problem solving skills with ability to investigate problems and produce practical and workable solutions.
- Excellent communication skills with ability to interact with colleagues at all levels of the company.
- Flexible and open minded with a positive attitude toward change.
- High levels of commitment and energy.
- Ability to work on own initiative and as part of a team.
- Must be able to work in a fast paced team oriented environment.

Functional or Technical Knowledge and Skill Required **Qualified actuary - DAV/SAV/IFoA or equivalent**

- Experience working in an actuarial reporting function producing local GAAP and SII balance sheets a key requirement
- Experience working for a German based insurer with traditional life products would be beneficial
- Fluency in German would be a distinct advantage
- Detailed understanding of asset-liability cashflow models an advantage
- Experience in using Microsoft Office suite primarily Excel/PowerPoint/Word
- Experience in modelling/developing life insurance products an advantage

If you wish to apply, please send your CV to hr@athora.com. The closing date for receipt of applications is 17 May 2019.
